

Sonitrol Keeps Dealerships Running Smoothly

Protect Against Theft and Vandalism

Dealerships of all kinds face security risks: glass-enclosed show rooms, exterior lots and service centers — all full of valuable items such as merchandise and parts susceptible to theft and vandalism.

Criminals today are smarter. They know how to circumvent traditional motion-based security systems by breaking-in through unconventional entry points. That's precisely why dealerships turn to Sonitrol.

Verified: The Sonitrol Difference

Sonitrol alarms are sound activated. When an activation occurs, Sonitrol operators familiar with your business listen to live audio transmissions from your dealership to *verify* the nature of the event and immediately dispatch police.

You might say dealerships are our sweet spot. One Sonitrol audio sensor covers up to several thousand square feet, ideal for show-rooms and service areas. SonaVision video surveillance can protect both front and back lots from intruders.

Take Sonitrol for a Test Drive

That's right, Sonitrol lets you test drive our security solutions for 90 days. If you are not satisfied, we will fully refund your investment.

Sonitrol is synonymous with low false alarms, lightning-quick police response, and the highest apprehension rate in the industry — over 171,000 and counting. Choose Sonitrol. You won't be disappointed.

The Leader in Verified Electronic Security Verified Audio Intrusion

- Verified Audio Intrusion
- Managed Access Control
- Video Surveillance
- Fire Detection

Why Dealerships Choose Sonitrol

- **Industry Expertise** – You need someone you can trust to protect your facilities. Sonitrol works with dealerships across the country.
- **Innovative Technology** – Sonitrol's state-of-the-art audio detection technology is superior to anything on the market today. Complimented with video, fire protection, and managed access control, Sonitrol can offer a full suite of security protection.
- **Proven results** – No one can match Sonitrol's results; the numbers speak for themselves. Criminals apprehended: 171,000 and climbing.

Sonitrol Performance Guarantee

No other security provider will match Sonitrol's Performance Guarantee:

- **Performance Warranty** – Sonitrol will pay for the first \$5,000 of any loss if a forced entry is not detected and the proper authority is not notified.
- **Unconditional Satisfaction Guarantee** – Sonitrol will refund your installation fee and remove our equipment if your system fails to perform as contracted and you are dissatisfied with our service within three (3) months of initial installation.
- **False Alarm Fine Guarantee** – If you receive a false alarm fine dispatched by Sonitrol and not your personnel, Sonitrol will assist in canceling the fee or credit your account for the fine.
- **Emergency Service Guarantee** – Within our service area, Sonitrol guarantees the on-site arrival of a service technician within four (4) hours from the time of your request.

One Simple Log-In

Anywhere, anytime access to all of your key security functions – all from a standard web browser. Just type in *mySonitrol.com*, and you can monitor all of your connected facilities.

- **Intrusion Detection** – View alarm messages and statistics specific to your burglary system.
- **Online Access Control** – Manage your users and their permissions or view your access control configuration.
- **Video** – Access live video feeds from any web browser or receive video clips via email.
- **Fire** – Review alarm history and key parameters specific to your fire system.
- **Real-time Reporting** – Get reports when you want them or scheduled to run automatically.
